

**SIR SIVASWAMI KALALAYA SENIOR SECONDARY SCHOOL**

**Attention Parents of Classes LKG – XII – 2018-19**

**National Deworming Day – 8.2.2019 / 14.2.2019.**

The Department of Public Health and Preventive Medicine has announced the National Deworming Day on 8<sup>th</sup> February 2019. Under this initiative all the children from LKG-XII are to be administered Albendazole tablet on 8<sup>th</sup> February 2019. Those students who miss the dose on 8<sup>th</sup> February 2019, will be administered the dose on 14<sup>th</sup> February 2019. The objective of marking National Deworming Day is to improve the overall health and nutritional status of students.

**Parents are informed that the tablets will be given to their wards after their lunch. This is for the kind information of the parents.**

Tablets will not be given for students who have – Fever / chicken pox / seizure problem

Parents can inform either the class teacher through the calendar or contact the office if they do not want their ward to be issued the tablet with valid reasons. The tablets will be given to all students on those days.
